## Crystal-Clear Resolution

 FHD Resolution

 Noise Reduction

With 2 times clarity of HD TV, Hisense FHD TV presents sharp images with well-defined details. It offers a high-quality viewing experience with sharpness and clarity.

## Highlight Natural Colour

**Natural Colour Enhancer** 

Hisense TV optimises colour reproduction using its Natural Colour Enhancer technology. Even with similar colors, this TV can distinguish the smallest differences between them and compensate to produce uniform and realistic results.

Now whites look brighter, blacks look deeper and darker, and colours look stronger, livelier. Hisense TV enables you to discover more detail in the shadows and vivid, faithful colour on all your favourite video content.

 **High Contrast**

## Obvious Black And White Levels

## Immersive Gaming Experience

 **Game Mode**

Game mode boosts your chances of scoring legendary wins by significantly reducing input lag. Input lag on Hisense TVs can drop to as little as 16ms\*.

\*Data is based on internal testing standards and may vary according to the test environment or specific device conditions.

# Take You To The Stadium

## Sports Mode

When your Hisense TV detects a sports signal it switches to Sports Mode for an immersive live stadium experience.

## HD-Quality Audio By Dolby

Movies, TV shows, sports, music—the entertainment you love is even better when you hear it in Dolby Audio. Its crystal clarity, easy-to-hear dialogue, great detail, and realistic surround sound effects all come together to dial up the impact of your favorite scenes and events.
